

psconf.eu 2019

June 4-7, 2019
Hannover, Germany

Sponsorship Opportunities

Thank you for your interest in sponsoring PowerShell Conference EU 2019!

The Event

PowerShell Conference EU (psconf.eu) is Europe's largest PowerShell conference. Each year, 400 experts from 35 countries meet with 40 top speakers and spend 4 days listening to advanced sessions in multiple tracks, networking, connecting, and building the future.

Sponsorship

As a community-driven event, psconf.eu is not profit-oriented. We appreciate sponsors who'd like to engage and help making this event bright and colorful.

General Sponsorship Benefits

All sponsors have the opportunity to submit a company logo which will be placed on the master slide decks used by all presenters. Since most sessions are also recorded, your logo will also appear in the freely available session recordings.

In addition, sponsors receive individual credit during the opening ceremony, and can supply handouts, leaflets, and swag to the conference delegates.

Sponsorship Opportunities

Our sponsorship model is “per item”, so a sponsor can take over financial responsibility for a given area, and all attendees and speakers will see immediate credit for this item given to the sponsor.

<i>Sponsorship Item</i>	<i>Cost (EUR, plus 19% VAT)</i>	
<i>Zoo Evening Event Ice Cream Bar</i>	2000	
<i>Evening Snacks</i>	2000	
<i>Speakers Dinner</i>	2500	
<i>Delegate Polo Shirt</i>	6000	Includes your company logo on sleeve
<i>Evening Challenge Event</i>	10000	Details see below

Delegate Polo Shirt

Each delegate receives an official conference shirt with embroidered conference logo plus your own sponsor logo in up to 4 colors on the sleeve.

Evening Challenge Event

On day 1, the conference opens with a big socializing event at the Zoo Hannover where sponsors can cover the ice cream bar.

On day 2, we want to set up a second evening event in the Hannover Congress Center with coding challenges, get-together, snacks, and interaction. This is a new format we are playing with. As a sponsor, you can develop this format with us, be the main event sponsor with the option to present your technology in the foyer to attendees. So this format definitely provides you with the maximum of surface area.

If you'd like to reach out to the growing professional PowerShell ecosystem, illustrate that you care, and present your products and/or technology to your target groups, please contact us to work out a sponsorship package with us. Drop us a mail to tobias.weltner@email.de.
